 Office open from 6 A. M. to 9 P. M. Sunday, 8 to 9 A. M., and 5 to 6 P. M.
 S. M. STRICKLER, P. M.

CITY FACTS AND FANCIES.

Our town is now supplied with a Jeweler. He does his work well, and should be encouraged. Mr. Legore is also attentive and reliable.

The entertainment promised our citizens last week is being rapidly perfected, and will soon be brought before them. Live in patience.

Religious.—There will be Divine service in Taylor's Hall next Sabbath morning at 11 o'clock by the Rev. Mr. Todd. In the evening by the Rev. Mr. Harford. Sabbath-school at 3 P. M.

H. C. Rogers, the worthy agent of the Kansas Stage Company is again at home. He has been over the route straightening things, which will render a good account of him.

Some of our citizens have succeeded in getting stored a sufficient amount of ice to satisfy the demand through the summer months. Hope none of the precious stuff will be tainted with brandy smashes, juleps, &c.

Lieutenant Schwarte, of Captain Clark's company, stationed at Fort Riley, has returned from Leavenworth, bringing with him the sum requisite to pay off his company. No other evidence of the substantial character of our amiable Uncle Samuel is wanted than the attention he bestows upon his boys, who in turn are made saucy enough to "liek all creation."

We would recommend Hall, of the City Drug Store, to the consideration of those of our citizens in want of Drugs or toilet "fixins." He has the largest stock of Drugs in Western Kansas, and is able to mix up anything in his line from a soothing syrup to a dose of "poison." He is agent for all the popular patent medicines of the day.

Retaliation.—The following "goak" was perpetrated while our paper was in its "hole": "Why is a certain newspaper in Kansas like a snake? Because it seldom comes out of its hole in winter." That's pretty heavy, but the column and a half of blackguardism in the last number of the "little joker" alluded to convinced us that somebody got bit, hence the following: Why is the S. H. & R. Union not like a snake? Because it comes out of its hole in winter and bites!

Abilene.—Particular attention is called to the very liberal inducements held out by the proprietor of this thriving little burg. The surroundings of the place, and the natural advantages possessed by it, render its becoming an important point at no distant day a fixed fact. The lavish manner in which the proprietor, Mr. Thompson, proposes to aid settlers, is sufficient to satisfy all persons that the enterprise is in the proper hands, and that it would be a good investment. Also, the advertisement "To Mail Contractors."

The Debating Club is getting along finely, and developing the latent talent of our town quite rapidly. The wretches, after a great deal of deliberation, elaboration, and research, have sent forth to the world the edict that "Single blessedness is more conducive to happiness than married life." May every mother's son of them have a shirt-button to sew on every Sunday morning! The question for final adjudication next Monday night is—"Resolved, That the use of ardent spirits is injurious to the young." There will be no speakers in the affirmative on this question.

Recruiting.—We are happy to state that our friend, Stephen Andrews, is at work in Boston recruiting for the Kansas Second. Steve's a soldier ever inch of him, having served with the noble Second through the Missouri campaign last summer, and won for himself that enviable title on the bloody banks of Wilson's Creek. One by one are our boys returning to the defence of their country's flag—to add additional lustre to their names, and breathe a halo of glory for our young Commonwealth that will be as eternal and immutable as the principles of Right for which they are doing battle. We bid you God speed, Steve, and may you carry a pair of epaulettes through the war as only a soldier can.

We would not fail to call the attention of our readers to the article on the first page of to-day's paper headed "The Temperance Village." It is so charmingly written, and the moral so happy and appropriate, that we would be recreant should we fail to press it upon the attention of our citizens, and to enjoin upon them the principles therein set forth. We can only add, "Would that the people of Junction felt the same regard for the moral standing, and the temporal prosperity, of their city as do the people of the Temperance Village." Read it—there's no fiction about it; all literal facts—and there will be seen a reflection of what our city would be were it not for the "Hell-holes of iniquity" which curse us, and which law sanctions.

ANOTHER DEMOCRATIC HEAD OFF.—As an evidence of the fact that we have a man of nerve at the helm of State we refer our readers to the rough-shod manner in which are handled the small-fry politicians who dare entertain notions contrary to those of the "Powers that be." We this week record the removal by Mr. Lincoln of the Marysville mail carrier. The President has evinced a disposition to keep within the track his subordinates. With one fell swoop off came the official heads of Mr. Cameron and the Marysville mail carrier. We are unable to say whether our country will lose his invaluable services or not, but think it highly probable that he will be sent on some important diplomatic mission, or be transferred to the Army.

HO! HO!! FOR THE WEST! GREAT INDUCEMENTS! LIBERAL OFFERS

TO ALL WHO WISH TO SECURE FOR THEMSELVES
A HOME!

THE PROPRIETOR OF
Abilene,

anticipating a large emigration to Western Kansas during the present year, and the location of the

COUNTY SEAT

of Dickinson County at that place, offer the most liberal inducements to all who wish to locate there. To those who will make improvements within twelve months he will donate from two to five lots, according to the amount of improvement. Superior inducements offered to Mechanics. He will also make liberal donations for

CHURCHES, SCHOOLS,

and Public Improvements.

Abilene is beautifully situated on a small stream of clear running water, one mile north of the Smoky Hill River, near the geographical centre of Dickinson county, and on the great thoroughfare from the Missouri River to the Gold Regions, New Mexico, and California. It is the only town between Junction City and Salina, and is located midway—being twenty-five miles from each. The country around Abilene is the most fertile and beautiful that can be found in the State—its character being an intermixture of timber and prairie, peculiarly adapted to agricultural purposes. The fertility of the soil, the excellence of the water, the healthfulness of the location, and the abundance of timber and building stone, are inducements of no ordinary character; while in addition, the rich mineral resources of this portion of the State, the Salt Springs, and extensive Coal Fields west of us on the Smoky Hill, insuring the early completion of a Railroad from the Missouri River, makes it one of the best natural business points in the State.

The town was laid out six months ago, since which time over one hundred lots have been sold, and it now contains a store, blacksmith shop, hotel, Post Office, and several families. Those wishing further information are referred, by permission, to the following gentlemen, at Junction City, Kansas:

Hon. R. McBratney, Register U. S. Land Office—Henry T. Geary, Esq., S. M. Strickler, Post Master.

CHAS. H. THOMPSON, Proprietor.

Abilene, Dickinson Co., Kansas, Feb. 1, 1862.

A BOOK FOR EVERY HOUSEHOLD.

THE

Harbinger of Health,

CONTAINING

Medical Prescriptions

FOR THE

HUMAN BODY AND MIND!

BY ANDREW JACKSON DAVIS.

[Formerly known as "The Poughkeepsie Clairvoyant and Seer."] JUST published, a new and rare volume, designed as a popular HANDBOOK OF HEALTH, adapted for use in the Family, Hospital and Camp. The work contains more than

THREE HUNDRED PRESCRIPTIONS

for the treatment and cure of over one hundred different diseases and forms of disease incident to this climate.

The Author's Prescriptions are given in the light of the "Surgeon's Condition" a state in which every organ and function of the human system is transparently disclosed, with the most appropriate remedy for the greatest variety of cases.

THE HARBINGER OF HEALTH cannot fail to awaken intense interest in the minds of the most intelligent of the Medical Profession, and will prove invaluable to the general reader, containing, as it does, information concerning methods of treatment hitherto unknown to the world, and imparting important suggestions respecting the

Self-Healing Energies,

which are better than medicine.

It is a plain, simple guide to health, with no quackery, no humbug, no universal panacea.
